Honorable Commissioner for Patents

Alexandria, VA 22313-1450

Sir:

Applicant, by the undersigned attorney filed the above-referenced patent application at the U.S. Patent and Trademark Office on 21 July 2003 in the Chinese language. The Patent Office did not send anything back to the undersigned attorney and after many calls to the Patent Office, the undersigned attorney was informed that this case was given Serial No. 10/622,545. I am not certain that this is a correct Serial Number since I only have voice verification from the Customer Service Branch.

I cannot get any further information from the U.S. Patent and Trademark Office with regard to this matter.

I am now enclosing the Translation into English and Translation Verification for purposes of going forward with the prosecution of this case.

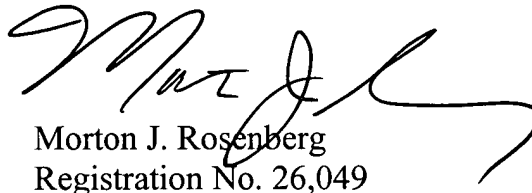

MR1683-480

I cannot seem to obtain any formal papers from the USPTO with the exception that they have cashed our check for the original filing in Chinese and that they keep telling us that the Serial Number is 10/622,545. However, no one will send us any formal documentation.

Please enter this English Translation into the file of the above case.

In the event there are any charges associated with the filing of the Translation with regard to processing this patent application, the Honorable Director of Patents and Trademarks is hereby authorized to charge Deposit Account 18-2011 for such charges.

Respectfully submitted,
